

# Inverter power generator DQ-3800

**Light, quiet, efficient!** - The power source for all cases

The consequent evolution of inverter power generator technology - the DQ-3800 brings power with lightness.

| Specifications          | Inverter DQ-3800          |
|-------------------------|---------------------------|
| Max AC output (230 V)   | 3,8 kW                    |
| Rated AC output (230 V) | 3,2 kW                    |
| Voltage regulation      | Inverter                  |
| Socket                  | 2x 230 V, 1x 12 V, 2x USB |
| Motor type              | 4-cycle, air cooled OHV   |
| Tank capacity           | 8 l                       |
| Run time                | up to 13 h                |
| Noise level (idle)      | 58 dB (A)/7m              |
| Dimensions (L x W x H)  | 58 x 34,5 x 52 cm         |
| Net Weight              | 27 kg                     |
| Special equipment 1     | Digital display           |
| Special equipment 2     | Fuel-saving ECO mode      |
| Special equipment 3     | Easy start system         |

## 3.8 kW petrol-powered, digital inverter power generator

- versatile use as a stationary emergency power generator and also as a portable power source
- ultra-lightweight design in the proven capsule design
- low-consumption and low-emission operation thanks to ECO mode
- perfectly suitable for house, yard, garden, construction site, workshop and on the road
