

**Maximum performance - maximum comfort**  
E-start and remote control enable easy starting.

Specifications	Inverter DQ-5600ER
Max AC output (230 V)	5600 W
Rated AC output (230 V)	5000 W
Voltage regulation	Inverter
Socket	2x 230 V, 1x 12 V
Motor type	4-Stroke, OHV
Tank capacity	16 l
Run time	Up to 10 h
Noise level (idle)	61 dB (A)/7m
Dimensions (LxWxH)	680 x 520 x 640
Net weight	85 kg
Special equipment 1	Ignition keys
Special equipment 2	Remote control
Special equipment 3	Digital display

## 5600 W silent portable inverter power generator

- battery-powered electric start, easier and comfortable starting of the inverter with remote control
- easy transport due to large stable wheels
- all-new LCD display, all relevant data at a glance
- Eco-mode, which adapts to the connected devices, saves gasoline and lowers the noise emission
